

The graph illustrates a network of concepts related to sports teams and venues. The nodes are labeled as follows:

- concept\_athlete\_nacho\_novo (yellow)
- concept\_city\_new\_york (green)
- concept\_lake\_new (green)
- concept\_stadiumorevenuevenue\_giants\_stadium (orange)
- concept\_sportsteam\_new\_york\_giants (red)
- concept\_sportsteam\_new\_york\_jets (red)
- concept\_sportsteam\_broncos (grey)
- concept\_sportsteam\_eagles (grey)
- concept\_sportsteam (grey)

The edges represent relationships between these concepts, with colors indicating different types or strengths of connections. The graph shows a central hub of orange and red nodes, with yellow and green nodes branching off to the left and grey nodes forming a cluster on the right.
