

The graph illustrates a network of concepts. The nodes are labeled as follows:

- concept\_river\_pacuare (yellow)
- concept\_dateliteral\_n2002 (yellow)
- concept\_dateliteral\_n2005 (yellow)
- concept\_country\_mexico (yellow)
- country\_republic (yellow)
- guage\_language\_spanish (yellow)
- concept\_city\_costa\_rica (yellow)
- concept\_building\_san\_jose\_convention\_center (red)
- concept\_city\_san\_jose (red)
- concept\_university\_san\_jose\_state (yellow)
- concept\_city\_alajuela (yellow)
- concept\_transportation\_j (orange)
- concept\_animal\_costa\_rica (yellow)

The connections between the nodes are as follows:

- concept\_river\_pacuare is connected to concept\_city\_costa\_rica.
- concept\_dateliteral\_n2002 is connected to concept\_city\_costa\_rica.
- concept\_dateliteral\_n2005 is connected to concept\_city\_costa\_rica.
- concept\_country\_mexico is connected to concept\_city\_costa\_rica.
- country\_republic is connected to concept\_city\_costa\_rica.
- guage\_language\_spanish is connected to concept\_city\_costa\_rica.
- concept\_city\_costa\_rica is connected to concept\_building\_san\_jose\_convention\_center.
- concept\_building\_san\_jose\_convention\_center is connected to concept\_city\_san\_jose.
- concept\_city\_san\_jose is connected to concept\_university\_san\_jose\_state.
- concept\_city\_san\_jose is connected to concept\_city\_alajuela.
- concept\_city\_alajuela is connected to concept\_transportation\_j.
- concept\_animal\_costa\_rica is connected to concept\_city\_san\_jose.
